Dear Helmut:

Congratulations on an excellent front page of the Herald "Homes" section on Saturday, April 6, 1996. I was really pleased to read of your accomplishments, and of the excellent work you were obviously doing for the residents of this area.

I trust that you are aware that this Association consists of approximately 400 companies, only 27% of them are builders and approximately 2% consist of land developers. Others are renovators, lawyers, financial institutions, manufacturers, suppliers, and a host of other organizations and companies which benefit from the legislation which we address, but more so, from the professional image we hold in the eyes of the consumer and also in the eyes of the industry. If you believe that there is any way in which we, as an Association, can assist you, in helping your profession, please let me know, and I would be delighted to speak with you about it.

We wish you continued success in your art of making yards look so eloquent, and I look forward to dialogue with you at your leisure.

Sincerely,

John R. Klassen,  
Executive Director
